SNV

Rivara Technologies is a dynamic IT company, spearheaded by seasoned professionals with extensive experience in the Information and Communication Technology (ICT) sector.

We specialize in delivering comprehensive IT Services, alongside robust solutions in General Trading, Emergency Response, and Procurement of Goods.

In 2025, Rivara tech recruited promising young talent from USM (Universitas Saintek Muhammadiyah), to excel and innovate within our fields.

We are committed to navigating the rapidly evolving information technology landscape with agility, continuously exploring technological advancements to provide efficient products and services that deliver exceptional value in terms of labor, time, and cost for the business world

Company Overview

➤ About Us

Rivara Technologies established in 2017. We are committed to transforming challenges into opportunities, fostering innovation, and driving sustainable growth for our clients in a rapidly evolving digital landscape.

➤ Mission

To equip businesses with strategic IT solutions that enhance operational effectiveness, reduce costs, and accelerate progress, by leveraging our deep industry expertise and a diverse portfolio of services.

➤ Vision

Our vision is to become a globally recognized leader in digital marketing, renowned for our creativity, expertise, and unwavering commitment to our clients' success

Our Services

➤ Digital Marketing

Digital marketing is a way of promoting and advertising products, services, or brands using digital channels such as websites, social media, email, search engines, and online advertising to reach and engage with a target audience.
